Security awareness

What is the self-assessment all about?

- **Boost Your Cybersecurity Knowledge**

Kickstart your journey by assessing your knowledge and habits to strengthen your online safety and digital security.

- **Hands-on, Real-World Cases**

Go beyond theory and learn to identify vulnerabilities, protect your digital identity, and apply practical cybersecurity measures.

- **Secure Your Digital Life**

Take charge of your online safety and become a more informed, proactive digital citizen in just two hours!

Security awareness

For next week

VM Preparation

- We'll use a VM specific for SIO
- Check out the link over on elearning/class site

Lab VM: <https://sweet.ua.pt/jpbarraca/course/sio/lab-vm/>

Notice: *not downloading and setting up the VM at home will mean that you will potentially waste an "in class" hour!*
