

University of Aveiro, Portugal

The **21st Annual Workshop on Applications and Generalizations of Complex Analysis**, will be held at the University of Aveiro on March 24-25, 2023.

As customary, we will have invited communications (about 45 min) and **short communications** (about 20 min).

INVITED LECTURERS

Daniel Alpay, Chapman University, Orange CA, USA - Commutators on Fock spaces

Lashi Bandara, Brunel University London, U.K. - Boundary value problems for first-order elliptic operators with compact and non- compact boundary

Duvan Cardona Sanchez, Ghent University, Belgium - A mathematical time machine to visit the past, present, and future of the theory of pseudo-differential operators

Veronique Fischer, University of Bath, U.K. - Towards quantum limits for subelliptic operators.
