

# 27th European Intensive Course on Complex Analysis, its Generalizations and Applications

Aveiro, March 24-28, 2025

**Universidade de Aveiro, Portugal**  
**Departamento de Matemática**  
**= Room 11.2.21 =**

The **27th European Intensive Course** will have a total of 19 hours of lecture time, at a postgraduate level, and centered around the following topics:

Partial Differential Equations, Harmonic Analysis, and Operator Theory

## LECTURERS

Daniel Alpay, Chapman University, CA Orange, USA - [Infinite-dimensional analysis with applications to stochastic processes](#)

Sundaran Thangavelu, Indian Institute of Science, Bangalore, India - [On Hardy's inequality for fractional powers of the sublaplacian](#)

During the course there will be extended coffee breaks in a relaxed environment where the lecturers and participants are encouraged to share ideas in a more informal way. Participating students will get a certificate.
